

WS2811 Pixels LED Strip 5050 RGB 12V 30LED/m ws2811 IC Addressable color [Magic Home App]

Product Feature

- With full color 5050 RGB LED chip; Programmable dream color with 2811 IC LED strip; Input DC12V, safety voltage, Low consumption, Less heat
- Covered with clear silicone weatherproof sheathing (Optional), which protects it very well and makes it easy to clean.
- 3 led/unit, and it comes with 3 pin JST-SM connectors and separated power/ground wires on both ends. You can shorten, lengthen or bend it freely if you want.
- 256 brightness display and 24-bit color display. Each pixel can have its own color and brightness. You can control them individually and set them to any color or animation you want.

APPLICATIONS:

- Architectural decorative lighting
- Canopy and bridge edge lighting
- Amusement park, theater and aircraft cabin mood lighting
- Cove lighting, ambient lighting, under shelf lighting
- Auditorium walkway lighting
- Indoor / outdoor illumination
- Ideal for wedding, party, Halloween, festival, active signs, Xmas, holiday, street, sidewalk, light sculpture, decorative figure, staircase, railing, displays, shop windows, and storefronts, driveway, bar, nightclub, deck, porch, ceiling, or park

Product Description

SPECIFICATIONS:

- Brand Name: Protium
- Type: LED Strip
- Certification: RoHS, CE
- Waterproof: Yes (IP67)
- Strip type: SMD
- Color Temp(K): Full color based on R, G, B combine
- LED Chip Brand: Epistar
- Model Number: Built-in WS2811 built-in IC, 3 LED separately control;
- Occasion: Living Room, Cove Lighting, TV Lighting, Decoration lighting
- LEDs Number/M: 60 pcs/m
- pixel segment: 3 leds/unit
- PCB Color: black
- Input Voltage: DC 12V
- Average Life (hrs): 50000
- Power adapter: Switch Mode Power Supply
- Voltage: 12V
- Specifications (light beads / m): 30 pcs/m
